Message from the Chair

Thank you for your support and participation in the G1 Global Conference! We hope you had a truly wonderful time.

In 3 hours, we managed discussions engaging “unthinkables” in many fields: “embracing risk”, “speaking to the masses,” confronting the “new normal,” and overcoming complacency.

Through the discussions, we understood this issue in depth, came away with different insights with our own ideas about solutions and mind-sets going forward. The journey is not finished—indeed, it has just begun—but we know we are better prepared to think the unthinkable. We enjoyed sushi, sake, and shamisen together, building our network and getting ready for what comes next.

G1 Global is all thanks to your passion, your participation, and your commitment to this community. Audience feedback has been quite strong, and many have commented on the positive energy throughout the sessions. We truly appreciate your contribution.

We appreciate you sharing with us your valuable expertise and insights, which helped make the G1 Global a truly exciting and memorable event.

I wish all the best to you, and hope to see you again at the next G1 Global Conference.

- The discussions inspire me to think about some possible solutions for the future "Unthinkable" things (i.e., Diversity, Technologies).

- In spite of being in Japan, I felt the place was global.

- Thank you for giving me the opportunity to join the session. Very good theme setting, well organized. Great time management!

- If I can join next conference, I'll plan to come again. Thank you a lot.
